**GRADUATE RESEARCH ON FOOD WEBS OF ACID-RECOVERING LAKES**  
Cooperative Freshwater Ecology Unit, Laurentian University

The Boreal Shield Ecozone (BSE) contains diversity of lakes that support culturally

Ontario Ministry of Environment, Conservation and Parks (MECP), and will have access to extensive, long-term databases for fish communities and water quality.

Salary will be at current NSERC rates, with opportunities to supplement through graduate teaching assistantships and scholarships. Starting dates are negotiable from January 2024 onwards.

Please forward a CV, a statement of research interests and qualifications, copies of transcripts, and names of three references to: Dr. Tom Johnston, Cooperative Freshwater Ecology Unit, Vale Living with Lakes Centre, Laurentian University, Sudbury, ON, Canada.
